ART IN THE SUITES

Each room has a video painting installation for your enjoyment. The video painting movement is a unique form of video art. There is no music, no dialogue - no sound of any kind. The work is combined into series that play in intelligent sequences determined by the artist. And yet never repeat. By evading familiar narratives, video paintings encourage us to see the word afresh and discover in the everyday limitations and constraints of language and meaning, we are led childlike into the fractal richness of the world.

ART IN THE SQUARE

As part of Bristol's first Art Hotel, The Square exhibits work from local modern artist on its walls throughout the year. Past artists have included Copyright, Jim Starr, Sarah Hoskins, Stephen Park, Genevieve Caminade and Susan Bleakley. The Square aims to create an immersive, non-traditional exhibition environment, featuring traditional canvases, as well as sculptures and installations outdoors.

PRIME LOCATION

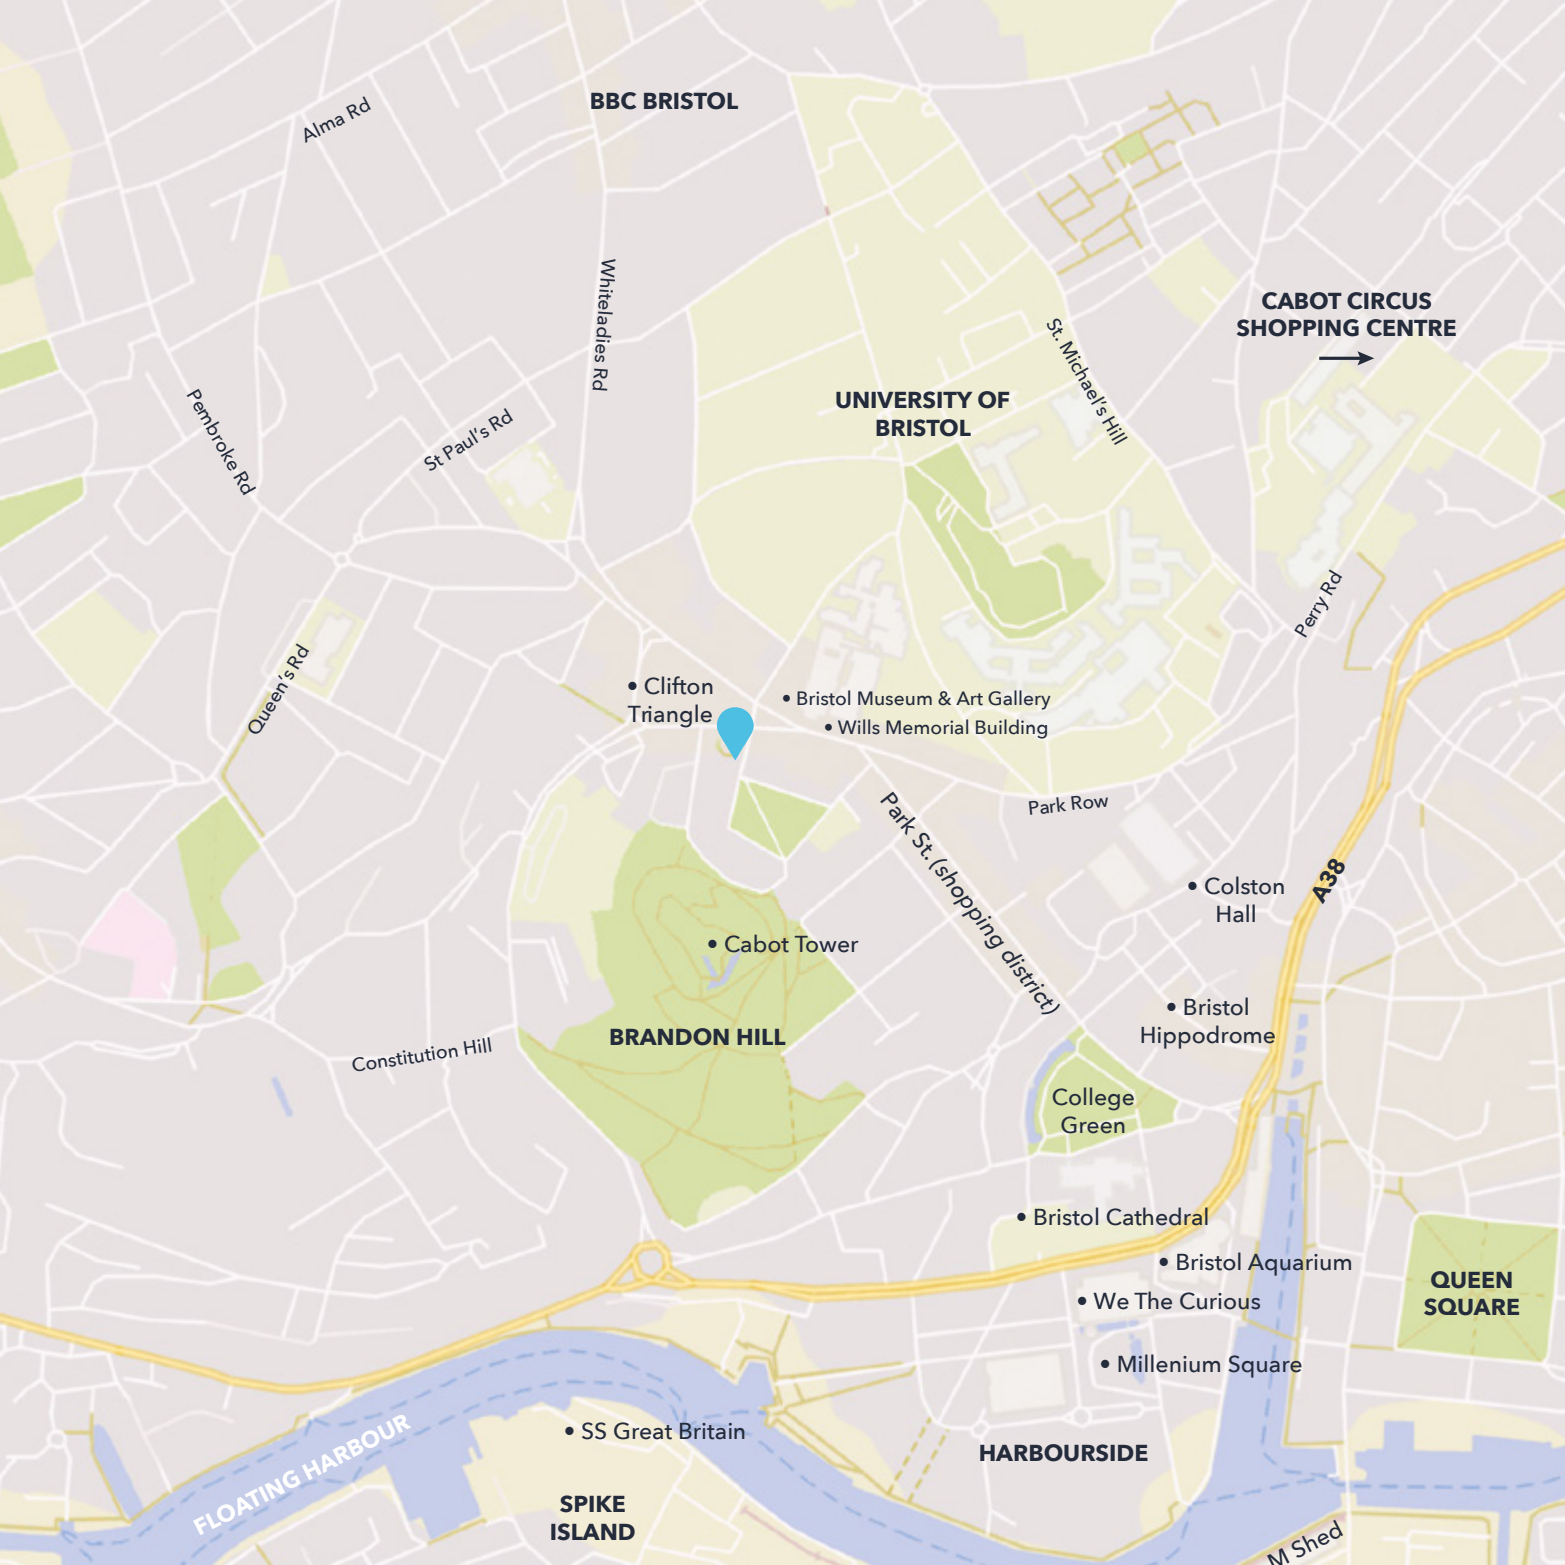

Our suites are located on a stunning Georgian Crescent just off busy Park Street.

So you can enjoy the peaceful setting whilst only being minutes away from the vibrant heart of Bristol.

The central location means you have easy access to Bristol's best attractions and with the University of Bristol, BBC Bristol and Bristol Council also less than a 10 minute walk away, it is the perfect choice for business or leisure.
